Group Discussion

Group Discussion

Objective of Group Discussion

- Consult and Collect inputs and insights from members to improve the ALiSEA activity planning design
- Explore the opportunities to synergize activity with members

Rotating participants or group for every 20 mn

Each group has the sub-facilitator to moderate the discussion.

Sub-moderator stays still in their group, coordinator friendly and fruitful discussion, synergize ideas, summary, and present the result at the end of the session.

Note in different colors represent the different categories of answers

Introduce to World Café Method

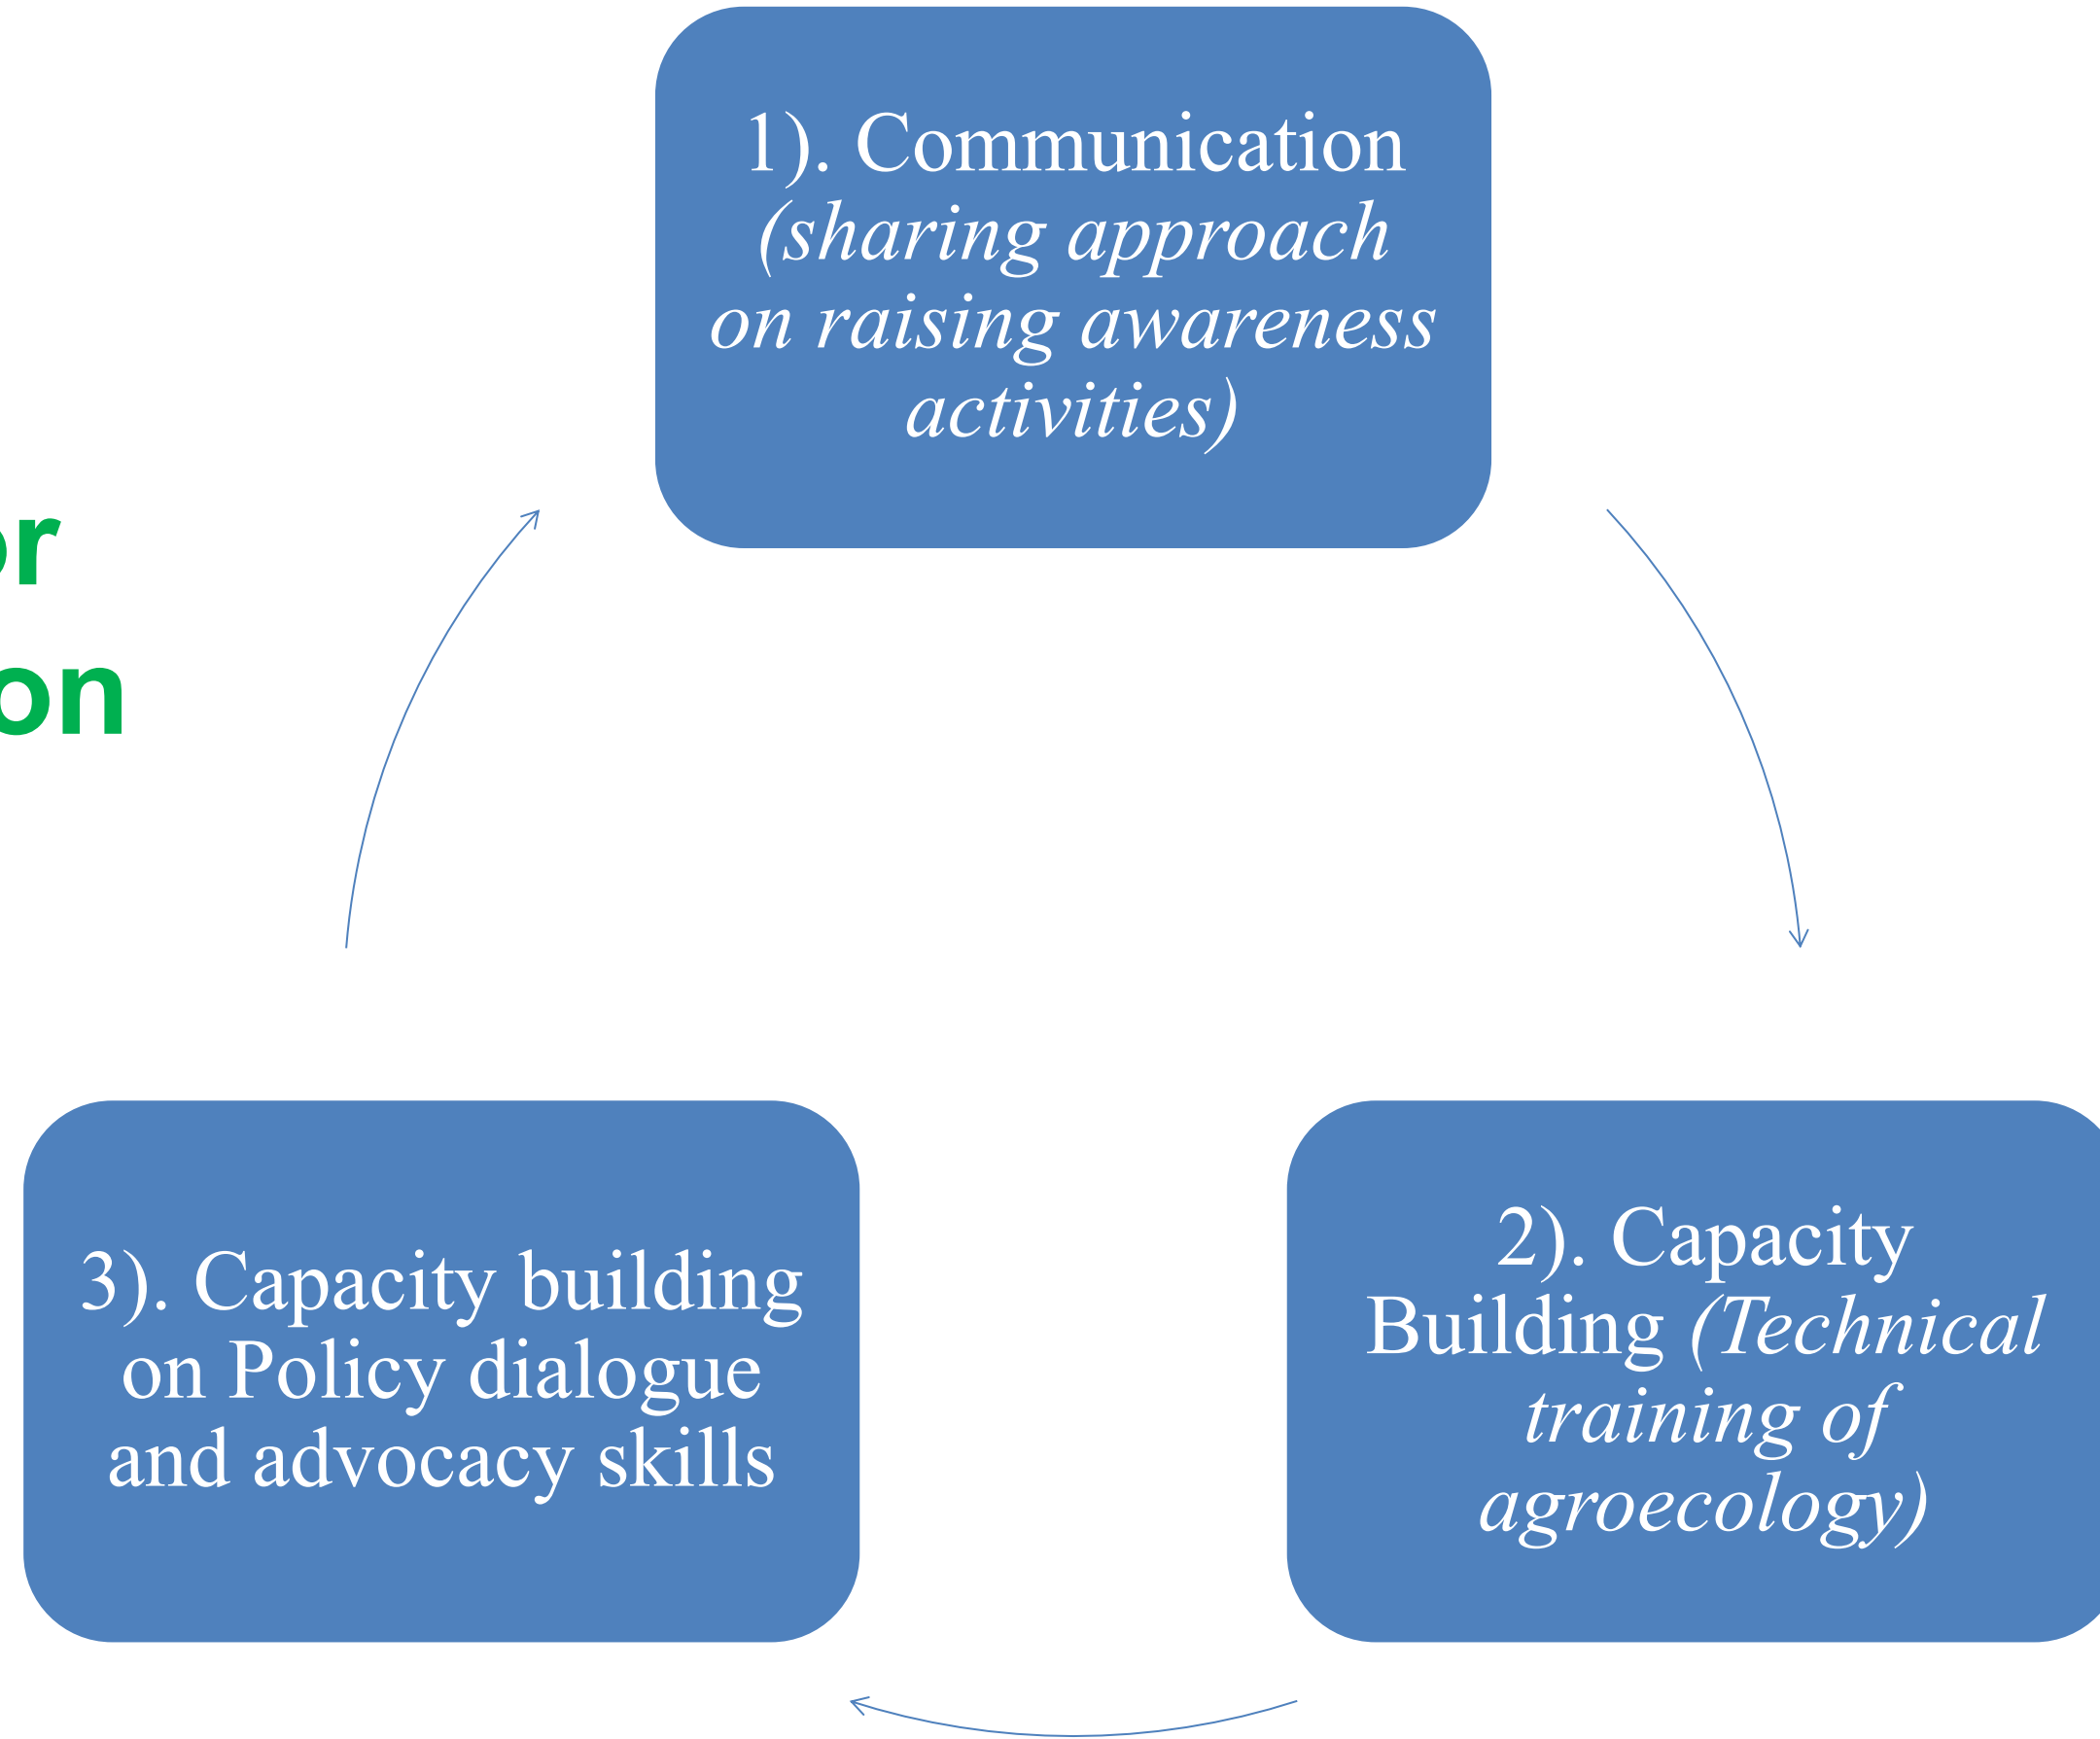

Topics for Discussion

1). Communication
*(sharing approach
on raising awareness
activities)*

2). Capacity
Building *(Technical
training of
agroecology)*

3). Capacity building
on Policy dialogue
and advocacy skills

Group 1: Communication: Digital campaign to promote the Agroecology

Topic	Potential collaboration (join to produce the products)	Co-organize (resource support the activity)	Remarks (How can members collaborate better in this activity? How, when?)
<p>1. Co-organize the digital campaign (First quarter 2026)</p> <p>Potential topic:</p> <ul style="list-style-type: none"> - Technical practices - Market for AE products - Raising awareness to consumers - Raising awareness Policy makers: 	<p>1. Produce the materials</p> <p>2. Resource support</p>
