LIVE WEBINAR

LINK AND LEARN AGRO-ECOLOGY FROM THE FIELD

August 20, 2025, Starting at 10:00 A.M (GMT+7)
Online via Zoom

Guest speaker:
 **Phoutthasinh Phimmachanh**
CLICK's director

CLICK is one of the organizations that received the ALiSEA Small Grant Facility in 2022. Promoting sustainable agriculture and knowledge sharing by capturing 12 agro-ecological best practices with ALiSEA members, Lao Farmer Network, and the Department of Agriculture Extension and Cooperative.

Objectives:

- Present the results of the Small Grant
- Share lessons learned from activity implementation and knowledge product development
- Discuss challenges and provide recommendations for future grant mechanisms

Mekong Region Seed Exchange Cultivates Regional Cooperation

*The 2025 Mekong Region Seed Exchange brought together passionate advocates for agricultural biodiversity and food sovereignty from **October 16 to 19, 2025**, marking another milestone in regional collaboration for seed conservation and farmers' rights.*

*Supported by Toward organic Asia
Country: Thailand
Participants : 4 members*

LESSON LEARNED

Communication:

- 1. Journalists participated in AE-related field visits; they don't just report - they learn.**
- 2. Strengthen engagement & partnerships with journalists**
- 3. Increase communicate and information sharing with Members.**

Capacity building

- 1. Development training module on AE**
- 2. Continue to focus on practice at the field visit**
- 3. Support and increase engagement with FO and youth to involve in agroecology**
- 4. Develop and translate training materials into national language**
